# The Link Between Preschool Options and the IEP

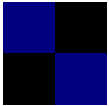

November 13-14, 2008

8:00 am - 8:30 am  
Registration

8:30 am - 3:30 pm  
Presentation

CESA 10 Conference Center  
725 West Park Avenue  
Chippewa Falls WI 54729

*Sponsored by  
CESA 10 CSPD and  
the Preschool Options Project*

## The Link Between Preschool Options and the IEP

### Workshop Summary

Participants will be able to use the IEP Team Process to:

- Determine the Least Restrictive Environment (LRE) for **each child** with a disability.
- Develop a present level of Academic Achievement and Functional Performance (including student's strengths and the concerns of the parents about the student's education).
- Develop functional goals and objectives based on the child's needs related to his/her disability as stated in the present level.
- Develop Special Education Services that address the child's educational goals and consider Least Restrictive Environment (general education curriculum and general education environment).

Participants will:

- Use a sample IEP (bring an IEP without child's name and identifying information) to practice writing the present level, functional goals, and special education services.
- Learn about a range of Preschool Options (environments) that could be considered as the LRE based on each child's goals and objectives.
- Hear about and view examples of Preschool Options in other Wisconsin communities.
- Develop an Action Plan for considering LRE for children with disabilities in their community.

### Presenters

**Mary Joslin**, ECSE Program Support, CESA 10  
**Tanya Williams**, Parent Liaison Coordinator, CESA 10

**Sue Albert**, Independent Special Education Consultant

**Arlene Wright**, Co-author of *Guide to Writing IEPs*, Independent Special Education Consultant
